We are calling you about the health insurance enrollment form that you filled out on December 3rd, 2024, where you had selected some plans but also chose that you did not want coverage. We are calling you to confirm that at this moment you were filling out the enrollment. For the moment, since we could not speak with you, we would be processing this enrollment, taking into account that this will not affect you in that they are helping you look for work. In the event that you do want to enroll, you can give us a call at eight hundred, four, nine, five, four, eight, five, six to process your enrollment. Taking into account that once you start working, you would have thirty days after your first check to enroll in the health insurance that your employer is offering. I hope you have a very good day. Thank you for listening to this message, as well as thank you for your time today. Goodbye.
