Your call may be monitored or recorded for quality assurance purposes. Hello, may I speak with Marshall Campbell? Yes, who's calling? Yes, uh, this is Benefits in a Call calling on behalf of Lingua Staffing. Hi, how you doing? I'm doing great. How you doing? I'm good. You? Good, thank you. Okay. Um, the reason for my call is because we are processing the enrollment forms for healthcare coverage, and, uh, we see here then as you request coverage for employee plus family, but we don't have the- the dependents' information, either the- the child or children and the spouse. So the question is do you still want the coverage for employee plus family, or just yourself? Just myself. Just yourself. Okay. So we're gonna make the changes now. And, um, do you have any questions for me? No, not really. All righty. So I really appreciate for you to answer our call. Thank you and have a wonderful day. You too. Thank you. Bye-bye.
